it is widely recognized that professionals such as doctors nurses engineers and teachers have duties that go far beyond those of ordinary citizens but there is much disagreement as to why they have such duties in professional ethics a trust based approach terrence kelly argues that such duties come from the unique trust that professionals must invite develop and honor from those they serve without trust professional practice would be significantly impoverished both ethically and instrumentally and the autonomy enjoyed by many professions would evaporate professionals therefore have good reasons to be effectively trustworthy that is to develop the virtues necessary to be responsive to the

vulnerability of those they serve and effectively communicate that responsiveness to others being effectively trustworthy requires a commitment by professionals as individual practitioners and as members of ethical communities committed to building a culture of trust such communities can and should design virtue based professional education that promotes trustworthy character formation and articulate an ethical vision of the trustworthy professional that has real credibility in the practical conditions of profession because of the importance of trust professional communities also have good reasons to develop conduct standards such as those regarding conflict of interest that promote professional trustworthiness in both fact and appearance

ethics and professional responsibility for paralegals provides complete coverage of legal ethics tailored to the needs of the practicing paralegal
