the advent of the internet and the availability of social media and digital downloads have expanded the creation distribution and consumption of black cultural production as never before at the same time a new generation of black public intellectuals who speak to the relationship between race politics and popular culture has come into national prominence the contributors to are you entertained address these trends to consider what culture and blackness mean in the twenty first century s digital consumer economy in this collection of essays interviews visual art and an artist statement the contributors examine a range of topics and issues from music white consumerism cartoons and the rise of black twitter to the nba s dress code dance and moonlight analyzing the myriad ways in which people perform avow politicize own and love blackness this volume charts the shifting debates in black popular culture scholarship over the past quarter century while offering new avenues for future scholarship contributors takiyah nur amin patricia hill collins kelly jo fulkerson dikuua simone c drake dwan k henderson imani kai johnson ralina l joseph david j leonard emily j lordi nina angela mercer mark anthony neal h ike okafor newsum kinohi nishikawa eric darnell pritchard richard schur tracy sharpley whiting vincent stephens lisa b thompson sheneese thompson

preface the author of this very practical treatise on scotch loch fishing desires clearly that it may be of use to all who had it he does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible the writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general this section is interleaved with blank sheets for the readers notes the author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition we do not pretend to write or enlarge upon a new subject much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient one great matter is that the loch fisher is depend ent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the

banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best a common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat of all the absurd beliefs as to loch fishing this is one of the most absurd try it give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance again it is said that the boatman has as much to do with catching trout in a loch as the angler well we dont deny that in an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

all it takes is one murder to change a million lives and that s exactly what happens to kasheef williams on a cold black friday after a reunion with an old friend goes wrong in a long island night club kasheef is forced to protect himself by any means necessary the only problem is that prying eyes see everything those eyes belong to alija bell after walking in on a situation she was never meant to see she runs but kasheef sees her face and he tells her that it s best for her to get temporary amnesia afraid for her life and the safety of her daughter she keeps her mouth shut but when a tape of the murder surfaces the only face that s visible is alijas now the police are looking for their eyewitness and kasheef has to get to alija before her day comes to testify against him in court in this dramatic hood savvy tale things aren t always as they seem somebody holds the ticket to the jury s verdict lies and truth collide everyone has a different angle but the only question is who has the most influence over kasheef s fate

this multi author unique approach attempts to explain the allure of the dope game through the eyes of some unforgettable characters just when readers think it s over a new story picks up and begins a whole new thrilling journey this is a sure classic and the beginning of a great series take a ride with the kings and queens of the street
