John Locke His *Two Treatises of Government* laid the foundation for modern liberalism. Locke argued that government should protect individual rights including life, liberty, and property, and that the people have the right to resist tyranny. His ideas heavily influenced the American Revolution.

Jean-Jacques Rousseau His *The Social Contract* outlined a theory of government based on popular sovereignty and the general will of the people. Rousseau believed that individuals should surrender some individual freedoms for the greater good, fostering a more just and equitable society. His ideas resonated with the French Revolution.

Montesquieu His *The Spirit of Laws* emphasized the importance of the separation of powers, arguing that dividing government authority between legislative, executive, and judicial branches prevents tyranny and promotes individual freedom. His ideas are reflected in the structure of many modern governments.
