closely aligned to the gp curriculum and reflecting the format for the rcgp membership exams this book offers revision for the clinical skills assessment csa exam which forms part of the compulsory mrcgp each case includes case notes brainstorm areas candidate and role player instructions and tips on what to look out for in the exam

this book helps readers pull together the knowledge and communication skills required for success in the consultation components of the mrcgp exam namely the clinical skills assessment csa and the clinical observation tool cot rather than learning by rote this book promotes a methodical step wise approach which will enable you to easily identify the type of case presenting and to work out exactly what you need to demonstrate for a successful consultation the book features a number of cases to test and enhance your skills in three formats 13 teaching cases these are very detailed cases which provide

you with a great deal of support and advice including suggested approaches to the consultation model answers background knowledge required and the theoretical underpinnings of the consultation 20 long cases these build on the knowledge gained in the teaching cases and feature detailed analysis to help you develop an ordered step wise approach to data gathering clinical management and interpersonal skills 15 shorter practice cases these help refine the skills you have learnt in working through the earlier cases these cases come with marking schemes and can be used either alone or in small groups once you have worked through the book and refined this methodical approach you will be able to approach any consultation confident in the knowledge that you possess the tools to succeed note that this edition does not contain a dvd the 13 video cases in the previous edition have been replaced by teaching cases

notes for the mrcgp this classic book has been providing help for candidates of the mrcgp exam for over 20 years now fully updated for uk trained doctors wishing to obtain a certificate of completion of training in general practice this new edition covers all three required components of the integrated assessment programme it provides sample questions for the applied knowledge test akt practice cases for clinical skill assessment csa and a guide to workplace based assessment wpba the chapters follow the 16 sections of the rcgp curriculum and include summaries of the current evidence base with clinical guidelines examination tips revision tactics and advice on where to get support but not just at the crucial time of exams it includes invaluable information for gps starting their first year in practice and helps provide the life skills needed to be a gp including topics relevant for the rest of a gp s career and their continuing professional development appraisal revalidation managing change teamwork burnout and other areas of self care

this book helps you to revise and prepare for the csa part of the mrcgp exam the new edition features an additional 11 clinical scenarios all presented in the same standardised format to help you to improve your data gathering a broad range of appropriate questions to ask the patient are provided and red flags are highlighted where appropriate interpersonal skills each clinical problem is described using terms that you can use in your explanations to patients clinical management tells you which examinations to consider which investigations to order and how to manage each clinical problem based on the latest guidelines and current best practice consultations to help you practise every clinical case features a realistic role play scenario all of which have been extended with additional information in the new edition every clinical scenario in this new edition has been updated and new appendices have

been added to cover driving and the latest dvla guidelines and when to suspect child maltreatment the book is designed to be used as a workbook with wide margins to allow you to add in your own notes questions and other aides memoires used in this way csa revision notes for the mrcgp is the ideal book to help you successfully prepare for the exam from reviews of the first edition following the glowing reviews of this book i bought it for my csa preparation it is a very well written book and a good resource for the csa i like the lay out with different case scenarios presented in the csa style of data gathering interpersonal skills and clinical management i like the open questions and focused questions for each scenario and the role play idea at the end of each case scenario interestingly this is the recommended read from our vts programme

this new edition of the bestselling title features 15 new practice cases and with the aid of the dvd helps readers pull together the knowledge and communication skills required for success in the consultation components of the mrcgp exam namely clinical skills assessment csa and clinical observation tool cot

this bundle pack of two step by step guides to the mrcgp akt and csa exams are full of valuable advice and practice questions with an emphasis on the type of scenarios that candidates can expect to face

this book is written as a companion guide to cases and concepts for the new mrcgp the aim is help readers pull together the knowledge and communication skills required for success in the consultation components of the new mrcgp exam namely clinical skills assessment csa and clinical observation tool cot the book does this in three ways by demonstrating some of the required consultation skills on the accompanying dvd which features 13 typical consultations by identifying and teaching these skills in a further 20 case write ups these offer readers an ordered step wise approach to data gathering clinical management and interpersonal skills by giving candidates 15 mock cases on which to practise either alone or in small groups these cases cover paediatric and telephone consultations dealing with lists breaking bad news and home visits the book and dvd are meant to be interactive with some of the dvd cases being accompanied by a csa marking schedule for readers to assess the candidate s performance readers are asked if the doctor on the dvd asked the right questions at the right time in the right way performed the right examination correctly communicated in a precise understandable and sensitive manner all specialist trainees in general practice will find the book helpful st1s will find the dvds 1 7 most useful st2s will find the 20 case write ups useful for cot discussions st3s preparing for the csa will

find the book essential but are directed in particular to dvds 8 13 and the mock cases for group work this book is essential for all those preparing for the new mrcgp

completely revised and including new additional material this second edition of the bestselling get through mrcgp clinical skills assessment provides candidates with a definitive one stop revision resource for the csa part of the mrcgp examination written by an experienced author team with extensive knowledge of both national and international primary care clinical skills assessment this book is essential reading for postgraduate candidates preparing for this challenging examination

part of the masterpass series focused clinical assessment in 10 minutes for mrcgp is the definitive study guide for gp trainees at any stage of their specialist training in particular those preparing for the csa this comprehensive yet straightforward book provides a unique structure for the focused clinical assessment and a new approach to the management of everyday problems encountered in general practice in 10 minutes it bridges the gap between consultation theory and the real world combining language motivation knowledge and empathy enabling gp trainees to gather information organise their thoughts pinpoint a diagnosis and communicate this to both patient and examiner

the book deals with 309 topics relevant to the mrcgp csa examination
