what if just by simply becoming aware of something you can change your entire life what if awareness is the key to healing yourself on all levels through awareness you can make the impossible possible what if impossible simply means you just don't understand it yet would you believe it since the beginning of time we've been told by many spiritual leaders and masters it all comes down to awareness but what does that mean whenever this is said many people respond by asking is awareness enough not only is it enough but it is absolutely everything you see your level of awareness dictates your belief systems thus dictating what you can and can't do for this reason as your awareness expands the way you live your life completely changes as well as your awareness expands the way you think changes as your awareness expands the way you heal changes as your awareness expands the way you perceive the world around you changes as your awareness expands the way you perceive the world within you changes are you ready to access higher awareness if you are a new world
