in this book charles carter 1887 1968 shows how the zodiac of twelve constellations describes an ideal world in other words how the soul the ideal reveals itself in astrological terms in the process carter invents a new form of rulerships based on the traditional exaltations which includes the outer planets carter also teases us with his unpublished system of numerology which was based on 12 rather than the usual 10 as astrology is based around the numbers 2 3 4 and 12 not 5 or 10 a base 12 number system is of immediate interest realizing his subject was abstract and unlikely to appeal to all carter also includes innovative ideas on directing and on transits the result is a book that fascinates on many levels charles e o carter one of the leading astrologers of the 20th century was

president of the astrological lodge at the theosophical society from 1920 to 1952 he was first principal of the faculty of astrological studies which he helped found in 1948 he edited the astrologer s quarterly from 1926 until 1959 the zodiac and the soul was first published in 1928 with revisions in 1947 1960 and 1968 the year of his death

dr george washington carey s 1932 work relation of the mineral salts of the body to the signs of the zodiac unites homeopathy and astrology to explain both the causes and cures of human disease dr carey s unique blend of chemistry physiology religion and astrology has made him a popular writer in homeopathic circles since the early 20th century dr carey s work was greatly influenced by the experiments of another contemporary doctor wilhelm heinrich schüßler dr schüßler was the first to identify the twelve cell salts which dr carey expounds on further in relation of mineral salts dr carey is perhaps best known for his chemistry of life publications released in the 1910s these works are still popular in new age circles in the chemistry of human life 1919 dr carey originated the idea that the human body is a chemical formula in operation and without each chemical in the correct amount the formula will no longer create the desired effect a healthy and vibrant person relation of the mineral salts of the body to the signs of the zodiac expands on this idea and ties these chemical needs to the zodiac published posthumously in 1932 this work was co written with inez e perry dr carey collaborated with ms perry several times before his death in 1924 relation is dr carey s contribution to a larger two part work titled the zodiac and the salts of salvation in this short volume dr carey explains that all maladies are due to a deficiency in some necessary chemical or cell salt just as the cure for a shadow is to introduce light the cure for maladies of the human body is to introduce some vital element for the nourishing of our blood and organs but which cell salts are we deficient in that may well depend on the position of the sun at our birth or our zodiac signs dr carey describes the 12 signs of the zodiac including their characteristics and the cell salts that he recommends to cure the diseases of each for example those born between june 21st and july 22nd under the sign of cancer exhibit tenacity in holding onto home or dwelling place this is represented by the crab who has both a tight grip and carries its house along wherever it goes in order that it may be sure of a dwelling dr carey identifies the salt fluoride of lime or calcium fluoride as the most important salt for the cancer when it is deficient tissue fiber loses its elasticity symptoms of this relaxation

can include varicose veins and interestingly a groundless fear of financial ruin there are biblical connections explored as well dr carey associates both the twelve apostles and the twelve sons of jacob and their respective tribes to an astrological sign jacob s tenth zebulum or zebulun in many modern translations represents cancer his name even translates to dwelling in hebrew dr carey was not the first to make the connection between the twelve sons of jacob twelve apostles of christ and the zodiac in fact rev robert taylor may have been the first to make this connection in the mid 19th century in a series of controversial sermons his ideas were so contentious that he was banned from preaching in the united kingdom the second part of the work written by frequent collaborator inez e perry is titled esoteric analysis and synthesis of the zodiacal signs and their physiochemical allocations this volume expands on relation of mineral salts and provides guidance for the use of each mineral to cure disease and reach a more enlightened spiritual state
