this book discusses the discipline standards of history in australian universities in order to help historians understand the threshold learning outcomes and to assist in their practical application it is divided into two sections the first offers a scholarly exploration of contemporary issues in history teaching while the second section discusses each of the threshold learning outcomes and provides real world examples of quality pedagogical practice although the book focuses on the discipline of history in australia other subjects and other countries are facing the same dilemmas as such it includes chapters that address the international context and bring an international perspective to the engagement with discipline standards the innovation and leadership of this scholarly community represents a new stage in the transformation and renewal of history teaching

this is an open access book the international conference on education humanities and social science icehos is an activity in the form of an international conference by presenting new studies and research results in the fields of education humanities and social sciences the elementary school teacher education study program is the organizer of this international conference icehos is the second conference held by us and will be held virtually due to the covid 19 pandemic which has not shown a better situation the 2nd icehos 2022 conference is expected to be able to bring together national and international scale researchers academics practitioners students and community and industry activists in our chosen fields considering the covid 19 pandemic which has impacted various lines especially research in this field the 2nd icehos 2022 international conference has the main theme the future education in society 5 0 to build a strong learning connection

this is an open access book we cordially invite you to submit your papers for the international conference on islamic and muhammadiyah studies icims 2023 this conference is part of a conference program called international summit on science

technology and humanity iseth 2022 organized by universitas muhammadiyah surakarta this conference will be hosted online from surakarta indonesia on 11 12 january 2023

this is an open access book the covid 19 pandemic in the last two years has influenced how educational system works online learning became the primal policy taken by all institutions in the world to lower the risk of the virus spread despite the drawbacks of the online learning teachers and students were accustomed with the distant learning through web meetings learning management systems lms and other online learning platforms in that time topics under digital learning and education 5 0 were the main stakes in academic disseminations this year some institutions start to conduct their teaching and learning process classically as before the pandemic others are still continuing online and not few are in hybrid this leaves a question what learning reform should be made in post pandemic era this conference invites researchers experts teachers and students to discuss the coping solutions of the question it is important for them to contribute to the understanding of re imaging online education for better futures innovative learning design new skills for living and working in new times global challenge of education learning and teaching with blended learning flipped learning integrating life skills for students in the curriculum developing educators for the future distance learning humanities learning in the digital era assessment and measurement in education challenges and transformations in education technology in teaching and learning new learning and teaching models not limited to these scholars may add another interesting topic related to learning reform in post pandemic era to present

online learning has become more and more common globally whether for comfort adapting to work hours or just having the freedom to study from anywhere and now under the coronavirus pandemic as people are having to stay at home it has become more important than ever although the popularity of wireless network and portable smart device makes it possible for people to acquire and learn knowledge anytime and anywhere it does not necessarily mean an increased learning performance relevant research in cognitive science has revealed possible limitations in online learning for example the knowledge acquired through online learning tends to be fragmented and lacks guidance for integrated thinking among different subjects which makes it difficult for learners to form a systematic knowledge structure learners may experience cognitive overload metacognitive illusion and low learning efficiency in self regulated learning it follows that in the post covid 19 era online learning puts forward new requirements and challenges to the contemporary students not only to their learning strategies but positive character traits in learning most of the current learning theories were developed in the early 20th century and may

not fit in well with the current situation then possibly leading to inefficient learning and increased learning burden therefore it is necessary and important to reexplore the influencing factors and mechanisms that affect the learning efficiency of students at all levels nowadays based on which we could construct a theoretical model of efficient learning model

offers fresh perspectives on academic and disciplinary literacies across a range of contexts this book presents empirical evidence of the academic and disciplinary literacies that learners engage with in educational contexts the chapters focus on the languages of schooling in first second or foreign language contexts across primary secondary and higher education the book is divided into two main sections the first section focuses on students voices and perceptions providing new insights into the difficulties they encounter when developing academic or disciplinary literacies in different contexts and disciplines the second section addresses students academic or disciplinary literacy skills both productive and receptive the chapters include qualitative quantitative and mixed method studies and provide valuable new insights across a range of educational contexts

almost a third of public school teachers have considered leaving teaching because of student misbehavior when asked what were the greatest problems facing their local schools respondents to gallup polls have cited discipline first almost every year back to the early 1970s discipline problems may range from crimes in schools such as robbery and drug dealing committed by students or intruders to lack of respectful behavior toward teachers and classmates and the spectrum from crimes to disrespect is discussed in the chapters of this ground breaking volume this collection by leading scholars should be useful to social scientists educational researchers educators and school administrators all those who need to understand how specific and manipulable features of schools classrooms and their surrounding environments affect the course of student behavior and prospects for sustained improvement in the discipline climate in schools the information in these chapters provides many practical ideas as well as some cautions for trying new approaches to make schools more orderly learning environments for all students

aimed at undergraduate students in sport and exercise science courses this text provides a comprehensive reader friendly overview of sports science laying a solid foundation for future learning and for working as a professional in any field relating to physical activity

this book will appeal to faculty interested in going beyond mere techniques to a more substantive analysis of how their view of

their respective disciplines might change when seen through the lens of student learning

the basic purpose of this text is to provide teachers with a practical guide for understanding and improving classroom management case studies included in the publication represent problems and issues common to urban suburban and rural school districts and personnel chapter 1 which focuses on broad perspectives on discipline provides a historical overview and definitions followed by discussions of regionalism and discipline violence in the schools and attitudes toward educators use of corporal punishment chapter 2 views discipline from the perspectives of theory research and practice discussion concerns tips for getting off to a good start in classroom management organizational and instructional procedures the process of understanding student needs and behaviors development of self discipline and culturally different students case studies from early childhood and elementary education settings and from middle school junior high school and senior high school settings are presented in chapters 3 and 4 forty seven references are cited and an appendix lists 17 general resources as well as selected resource materials on self development discipline and classroom management rh

vols for 1921 1969 include annual bibliography called 1921 1955 american bibliography 1956 1963 annual bibliography 1964 1968 mla international bibliography

investigates whether a correlation exists between student discipline and student achievement if there is a significant mean gender and track difference in student discipline and students s perception of the effect of discipline on achievement
