for most people revelation is a book that is either largely ignored or it is the object of such fanatical study and fanciful interpretation that it passes from the realm of the interesting and helpful into the realm of fantasy and speculation much literature has been published in recent years on its interpretation some of which is scholarly and technical and some of which is populist and accessible the problem is that the technical and scholarly material frequently requires careful and detailed study combined

with an advanced level of knowledge whereas much of the populist material tends toward the fanatical and fanciful the aim of this book is to bridge this gap it is written with second and third year university students in mind and would also be helpful for pastors and those in local churches who want to take seriously their study of this often needlessly confusing biblical book

in recent years a revitalization of interest in paul has occurred the society of biblical literature recently ended the work of a group devoted to the study of paul s theology we are now seeing the publication of a number of books from various points of view that are examining the life thought and influence of the apostle paul despite this recent attention to paul s thought j louis martyn believes that insufficient attention has been paid to the discovery of numerous and pervasive apocalyptic themes in paul s letters further says martyn paul is still being studied somewhat in isolation almost as though he had had neither comrades nor competitors one of the results is that paul is sometimes credited with views he did not hold views which were in fact held by his opponents in theological issues in the letters of paul we find the results of a lifetime of study of paul s letters by a well known and widely respected new testament scholar this volume presents highly significant pauline insights by one of the most perceptive and innovative new testament scholars of our time raymond e brown union theological seminary new york no american in our generation has done as much to map the terrain of pauline theology as has j louis martyn cogent in crafting an argument faithful in interpreting a text and lucid in simple prose martyn here offers a compelling depiction of paul as an apocalyptic theologian it is a boon to teachers students and pastors to have the fruits of martyn s lifelong engagement with paul made available in this volume charles b cousar columbia theological seminary with unusual perspicacity and insight martyn sheds new light on the matters that most distinguish paul s gospel including his understanding of the covenant the cross and the new creation victor paul furnish perkins school of theology smu

intellectuals today cringe when a politician speaks of the second coming the millennium or the antichrist certain questions naturally arise about those who literally expect the end of the world in our day why do they think this why do some people believe them how do their exhortations work to persuade an audience and to move that audience to actions and commitments these are the motivating questions of contemporary apocalyptic rhetoric which describes apocalyptic as a rhetorical genre of discourse barry brummett first recasts insights drawn from past scholarly and theological studies to demonstrate their relevance to contemporary apocalyptic then

examines a variety of real apocalyptic to illustrate the ways in which these rhetorical discourses actually work the discussion focuses on those strategies arguments and stylistic features that are peculiar to apocalyptic and that support its social and political claims following an introductory first chapter chapter two describes how apocalyptic rhetoric links a psychological context to an esoteric grand order underlying all of time and the cosmos chapter three compares premillennial and postmillennial apocalyptic on three dimensions to show the different approaches they take to reach their audiences chapter four describes specific rhetorical techniques designed to maintain a mystic persona and urge social and political commitments on audiences the final two chapters apply the author s theories to secular and religious apocalyptic both premillennial hal lindsey and ravi batra and postmillennial francis fukuyama contemporary apocalyptic rhetoric will appeal to readers across many disciplines including communications religion sociology and psychology

wallace stevens and the apocalyptic mode focuses on stevens stance toward the apocalyptic past his use of and resistance to apocalyptic language it explores the paradoxical roles of apocalyptic and anti apocalyptic rhetoric in modernist and postmodernist poetry and theory particularly as these emerge in the poetry of stevens and jorie graham
