several encyclopedias overview the contemporary system of criminal justice in america but full understanding of current social problems and contemporary strategies to deal with them can come only with clear appreciation of the historical underpinnings of those problems thus this five volume work surveys the history and philosophy of crime punishment and criminal justice institutions in america from colonial times to the present it covers the whole of the criminal justice system from crimes law enforcement and policing to courts corrections and human services among other things this encyclopedia explicates philosophical foundations underpinning our system of justice charts changing patterns in criminal activity and subsequent effects on legal responses identifies major periods in the development of our system of criminal justice and explores in the first four volumes supplemented by a fifth volume containing annotated primary documents evolving debates and conflicts on how best to address issues of crime and punishment its signed entries in the first four volumes supplemented by a fifth volume containing annotated primary documents provide the historical context for students to better understand contemporary criminological debates and the contemporary shape of the u s system of law and justice

in this wide ranging analysis michael tonry argues that those responsible for crafting america s criminal justice policy have lost their way in a forest of good intentions political cynicism and public anxieties american crime control politics over time have created a punishment system no one would knowingly have chosen yet one that no one seems able to change prevailing sensibilities rather than timeless truths govern the american war on crime resulting in policies both wasteful and harsh u s crime trends closely resemble those of other nations yet american policies shaped by different sensibilities are much more punitive seamlessly blending history with an easy presentation of day to day realities and empirical evidence tonry proposes tangible specific solutions that can serve as a platform for criminal justice reform we know how to create an effective and humane criminal justice system now we must have the courage to do so by abandoning the current status quo which is both costly and cruel in favor of practices that will move america closer to the mainstream of contemporary western values

wide ranging and accessible this is the most up to date textbook in this area taking current economic research and making it accessible to undergraduates and other interested readers

written by an award winning investigative journalist with more than twenty years of experience forensic nursing takes an objective yet engaging look at a profession that according to the author is only for those with a strong stomach a pure heart and a quick mind it presents the personal experiences and perspectives of forensic nurses that w

from the outbreak of the cold war to the rise of the united states as the last remaining superpower the years following world war ii were filled with momentous events and rapid change diplomatically economically politically and culturally the united states became a major influence around the globe on the domestic front this period witnessed some of the most turbulent and prosperous years in american history postwar america an encyclopedia of social political cultural and economic history provides detailed coverage of all the remarkable developments within the united states during this period as well as their dramatic impact on the rest of the world a z entries address specific persons groups concepts events geographical locations organizations and cultural and technological phenomena sidebars highlight primary source materials items of special interest statistical data and other information and cultural landmark entries chronologically detail the music literature arts and cultural history of the era bibliographies covering literature from the postwar era and about the era are also included as are illustrations and specialized indexes

greater labor market opportunities result in lower crime rates a clear link that is often ignored in policy debates on crime reduction this study examines the labor market characteristics of the offender ex offender population and the labor market conditions these potential workers face it identifies ex offenders as a distinctly disadvantaged subset of the low wage workforce they have little education weak job histories and weak labor market attachment plus the additional penalty of a criminal record even at a time when the overall economy is growing workers in this sector face higher levels of un and underemployment this monograph argues fuller employment for ex inmates will need innovative labor market solutions including increases in the minimum wage more education and training and the expansion of work supports such as the earned income tax credit

conklin tufts u examines the rapid and sustained decline in the crime rate which occurred in the 1990s focusing on the reasons why there was so little public discourse on the reasons for the shrinking crime problem and assessing the validity of the explanations offered by political leaders law enforcement officials and criminologists primarily in the pages of the new york times annotation c 2003 book news inc portland or booknews com

focuses on the social and moral issues surrounding crime prisons and jails

many have pointed to the iran hostage crisis others to galloping inflation in reality as andrew busch makes clear ronald reagan s defeat of president jimmy carter in 1980 was attributable to more than any one issue no matter how galvanizing it marked the growing ascendancy of conservative attitudes that had been brewing for two decades and marked the clear end of the era of new deal liberalism busch offers the first comprehensive study of this contest going beyond journalistic accounts to show why it remains one of the truly landmark elections of the past century through a compelling story full of colorful characters unexpected plot twists and dramatic finales he reveals how it both reflected the politics of its time and foreshadowed our nation s political future beginning with carter s crisis of confidence speech on july 15 1979 busch introduces the field of candidates follows their campaigns through the primaries and general election identifies the key turning points and winning strategies and assesses the results including the gop s first senate majority in twenty six years he shows how the democrats were weakened by the demise of the new

deal coalition and a decline in public confidence while republicans were bolstered by the growth of the conservative movement and by all that had gone wrong during the carter presidency he also examines the creation of a sunbelt coalition the growing influence of religious conservatives and the independent candidacy of john anderson which held reagan s majority to 51 percent and foreshadowed ross perot s 1992 run reagan s victory marked a major turning point in american presidential history realigned the demographics of party affiliation throughout the nation especially in the nation s sunbelt and gave conservatives their first real victory in their fight against big government busch s book recaptures the people and events of that historic campaign and greatly enlarges our understanding of american politics from the 1960s to the present

new edition of a text that introduces criminology with an emphasis on theory method and criminal behavior in the 14 chapters hagan mercyhurst college covers basic concepts research methods that identify and evaluate the sources of data on crime and criminals general patterns and variations i
