resilience is an increasingly important concept and quality in today s world it is particularly important in the area of critical infrastructures it is crucial in the area of critical information infrastructure this is because since the year 2000 man has been dependent on information and telecommunications systems for survival particularly in the organization for economic cooperation and development oecd countries and because all other critical

inf structures depend upon to a greater or lesser extent critical information 1 2 infrastructure until probably the late 1980s it would be fair to say that the defense of individual nation states depended upon a mixture of political will and armed might the fall of the berlin wall may have effectively ended the cold war and with it a bipolar world but it brought globalization and a multipolar digital world in its wake simply put a number of power vacuums were created and these have yet to be fully filled and settled in this new world many changes were afoot these changes include the increasing irrelevance of nation states in federated structures and the export of democracy on the back of globalization one of the biggest changes though is the use of digital technology by the oecd countries this is on such a scale that these countries have become both dependent upon information technology and as individual 3 states largely irrelevant to the new global electronic economy 1 this adaptation of maslow s hierarchy of needs is attributed to kpmg

cisco has announced big changes to its certification program as of february 24 2020 all current certifications will be retired and cisco will begin offering new certification programs the good news is if you re working toward any current ccna certification keep going you have until february 24 2020 to complete your current ccna if you already have ccent icnd1 certification and would like to earn ccna you have until february 23 2020 to complete your ccna certification in the current program likewise if you re thinking of completing the current ccent icnd1 icnd2 or ccna routing and switching certification you can still complete them between now and february 23 2020 real world expert preparation for the icnd2 with hands on labs the ccna icnd2 study guide 3rd edition covers 100 percent of all exam 200 105 objectives leading networking authority todd lammle provides detailed explanations and clear instruction on ip data networks switching and routing technologies ipv4 and ipv6 addressing troubleshooting security and more dozens of hands on labs help you gain experience with important tasks and expert examples and insights drawn from thirty years
