this fifth edition covers everything from the legal definition of land to the essential elements in a lease or tenancy and the function of covenants in the planning of land use

gardner and mackenzie's *An Introduction to Land Law* has been widely acclaimed by students and teachers for the distinctively informative and stimulating way in which it addresses this challenging subject concise and highly readable it covers the main points of land law found in the syllabuses of law schools in England and Wales while not intended as a comprehensive textbook it provides both sufficient detail and especially the illuminating overview needed for a real understanding and many pointers for those seeking more most of all it stands apart from other land law books in the model it offers of critical engagement with the material as the authors say in their preface we aim not just to state the law but to paint its portrait or tell its story or something of that kind so we set out to offer a careful thoughtful honest and critical but not unsympathetic appraisal from a number of directions both doctrinal and contextual once again too we present the portrait or story partly for its own interest but most of all so as to encourage readers to try something similar for themselves to reflect on the subject more and so understand it better and at the same time deepen their thinking skills in general as well as updating the book's overall coverage this new edition features reworked discussions of areas where the law has recently undergone substantial change and also where the authors' thoughts themselves have developed including ownership easements and rectification of the land register as one reader of the first edition commented it shone light where none had shone before and lit a clear path to understanding

land law reform examines the wide spread efforts to reform land law in developing countries and countries in transition drawing in particular upon the experience of the world bank and the rural development institute the book considers the role of land law reform in the development process and analyzes how the world bank has sought to support these legal changes in client countries it reviews the experience with reform of laws affecting land access and rights in achieving gender equity identifies opportunities for reinforcing environmentally sustainable development through land law reform and examines from both growth and poverty alleviation perspectives the effectiveness of reforms to formalize property rights and liberalize land markets the concluding chapter recommends some basic priorities for land law reforms john w bruce is a senior counsel in the legal vice presidency of the world bank and a former director of the land tenure center of the university of wisconsin madison he has published extensively on land law and land policy in developing countries renee giovarelli david bledsoe leonard rolfes and robert mitchell are staff attorneys with the rural development institute of seattle washington a nonprofit organization that promotes and advises on land related policy and legal reform in developing and transition countries all have done fieldwork and advised extensively on land law reform and have published widely on this topic

the text is clear and easy to understand it explains the issues very well indeed without over simplifying fundamental points dr janine griffiths baker senior lecturer school of law university of bristol introduction to land law presents a clear explanation of this often difficult to grasp subject its enables students to understand why land law is important and how the subject fits together before introducing some of the critical issues that they will be expected to engage in throughout their study

authoritative analytical and concise mcfarlane hopkins and niel s land law provides succinct coverage on the core areas without sacrificing depth or detail the authors unique approach to land law arms students with the tools to apply an independent critical thought process to the content covered in classes and assessments

an authoritative course text designed to provide a standalone resource for students it contains a blend of carefully selected key cases legislation and academic debate linked by substantial author commentary

land law reform in east africa reviews development and changes in the statutory land laws of 7 countries in eastern africa over the period 1961 2011 the book is divided into two parts part 1 sets up the conceptual framework for consideration of the reforms and pursues a contrast between transformational and traditional developments where the former aim at change designed to ensure social justice in land laws and the latter aim to continue the overall thrust of colonial approaches to land laws and land administration part 2 provides an in depth and critical survey of the land law reforms introduced into each country during the era of land law reform which commenced around 1990 the overall effect of the reforms has patrick mcauslan argues been traditional it was colonial policy to move towards land markets individualisation of land tenure and the demise of customary tenure all of which characterise the post 1990 reforms the culmination of over 50 years

of working in this area land law reform in east africa will be invaluable reading for scholars of land law and of law and development more generally
