narrative of his descent into a modern hell the volume contains contributions in both english and italian

i sette saggi raccolti in questo volume hanno tutti per oggetto questioni teoriche e storiografiche inerenti al pensiero di m heidegger 1879 1976 della riflessione heideggeriana vengono evidenziate e analizzate tematiche sicuramente centrali nel dibattito filosofico italiano ed internazionale degli ultimi anni come ad esempio il problema dell'uomo e della sua responsabilità nell'attuale epoca del dominio planetario della tecnica o il particolare rapporto tra ontologia e teologia o l'incidenza di hegel nella formazione di heidegger accanto al confronto con questi e altri temi consolidati nella letteratura critica gli autori avviano anche confronti sino ad oggi raramente sperimentati tra il pensiero di heidegger e quello di pensatori quali plotino spinoza o lo stesso freud inaugurando vie di ricerca originali e non prive di futuri sviluppi

carl jung has always lain at the edge of sociology s consciousness despite the existence of a long established freudian tradition yet over the years a small number of sociological writers have considered jung one or two jungian writers have considered sociology the range of perspectives is quite wide durkheim weber marx levi strauss feminism mass society postmodernism these scattered writings however have had little cumulative impact and inspired little debate the authors seem often not to have known of each other while the sociological mainstream has remained unmoved or unaware this is the situation that this book seeks to change jung and sociological theory brings together a selection of articles and excerpts in a single volume together with some writings from anthropology and seeks to begin the task of critical evaluation presented in three parts the book covers anthropology sociology and an appraisal of jung and sociological theory gavin walker explores the relationship between jung and sociology asking what the writers included here wanted from jung how we should locate jung on the sociological landscape and how this might link to anthropology in conclusion he suggests that sociology s problem with jung is less that he is difficult to place than that he compels sociology to face some of its own inconsistencies and evasions jung and sociological theory will be of interest to all academics and students working in the fields of jungian studies analytical psychology and psychoanalysis sociology anthropology feminism comparative religion and the history of ideas

probabilmente il miglior metodo educativo consiste nel fatto che l'educatore sia educato e che cominci col provare su sé stesso per stabilire la loro idoneità le saggezze psicologiche che gli sono state fornite dalla sua scuola ciò che ha un effetto veramente deleterio è che i genitori e ciò non succede di rado si aspettano dai loro figli che facciano bene ciò che essi stessi hanno fatto male
