one of the world s oldest legends tells of a vast network of underground tunnels and passageways linking the continents to a subterranean kingdom this utopia is said to be inhabited by an ancient race of people who have lived in seclusion for centuries hidden from the sight of mankind but aware of eberything happening on the surface of the earth the underground country is called agharti tales of this lost world survive throughout the world and explorers have searched for it for centuries it has fascinated figures from the english occultist lord bulwer lytton the russian theosophist madame helena blavatsky and most surprisingly of all adolf hitler who based part of his philosophy of world domination on the legend of the subterranean super race hitler was attracted to the stories of vril power an amazing force that can control man and nature he believed that possession of this power would allow his dream of a thousand year reich and he sent scientists

and soldiers in search of this lost world Alec MacLellan has pieced together the history of the Agharti and tries to discover the tunnels that lead to Agharti based on evidence collected all over the world and embracing subjects from the origins of the peoples of America the occult secrets of Asia and the lost continent of Atlantis MacLellan provides the first assessment of what Vril power actually was

The Sci-Fi Ultimate Collection: 170 Space Adventures, Dystopian Novels, Lost World Classics invites readers to traverse the vast realms of imagination exploring the speculative landscapes of both familiar and uncharted worlds. This anthology offers a remarkable spectrum of narratives that range from tales of space exploration to foreboding dystopias and riveting accounts of hidden civilizations with classic stories that have stood the test of time. It illuminates a wide array of philosophies and futurist visions, the varied literary styles from the imaginative foresight of H.G. Wells to the penetrating social critiques of George Orwell, combined with a focus on timeless themes such as the nature of humanity and the limits of technological advancement. Create a tapestry as diverse as the authors themselves, the collection is a convergence of pioneering voices who have individually and collectively shaped the trajectory of science fiction. These authors hail from different eras and cultural backgrounds, enriching the anthology through a melding of unique perspectives as stalwarts of literary movements ranging from the Romanticism of Mary Shelley to the Modernism of Aldous Huxley. Their works echo through time, reflecting the fears and hopes of their respective generations. Together, they illuminate the resilience of human imagination and the endless pursuit of knowledge across the universe. This anthology is an essential tome for those eager to engage with the visionaries who laid the groundwork for contemporary speculative fiction. It offers readers a chance to immerse themselves in a myriad of worlds, each crafted with precision and creativity, fostering a deeper understanding of the genre's evolution. A gateway to insightful discourse, Sci-Fi Ultimate Collection encourages readers to not only appreciate the individual masterpieces but also to partake in the rich dialogues crafted across the centuries, making it an indispensable treasure for enthusiasts and scholars alike.
