the ever escalating cost of building or buying a hot rod is leaving more and more would be hot rodders behind this book will get those hopefuls off the sidelines by showing how a hot rod can be built for less than the cost of say a new hyundai author dennis parks documents his own project building a quintessentially cool model t roadster from a track t kit showing in step by step detail how to turn a pile of parts into a rockin hot rod he provides a detailed easy to follow guide for building a car of your own the advice and instructions cover every aspect of an affordable hot rod build from establishing the target vehicle and budget to finding parts building the car and fine tuning the finished vehicle on the road with parks money saving tips and photo supported how to sequences virtually anyone with minimal mechanical skills and the will to use them can be sure of building their hot rod right and for the right price the book also includes a full resource guide and recommendations for further reading

rewire your vintage chevrolet gmc truck yourself if you are building a vintage truck it will most likely require new wiring at some point whether the original wiring is old brittle has splices or has already been removed fresh wiring is critical to a trucks dependability whether you re working on a singular task or doing a complete rewire your classic chevrolet gmc pickup s viability and safety relies on a properly working electrical system due to today s automotive aftermarket there is no reason to not do the wiring yourself rewiring the truck helps you save money and provides peace of mind vehicle specific kits are available to replace existing or missing wiring if you plan to do custom wiring universal kits are available as well either type of kit can be installed without an abundance of electrical knowledge with some basic tools and time you can wire your truck just like the professionals in how to wire chevy gmc trucks 1947 1987 veteran how to author dennis w parks rewires a 1970 chevrolet c10 and a 1955 chevrolet truck everything is included from the basics of wiring lights the starter and the alternator to a stereo with satellite radio air conditioning and light emitting diodes leds lighting if you want to complete this task yourself or if you want to learn how it is done before hiring a professional this book covers it all

learn how to chop tops with advice from the experts today the purpose of a chopped top on a hot rod is mostly to make a visual statement but that wasn t always the case in the late 1930s roadsters were considered to be real hot rods while sedans and coupes were not considered to be race cars over time sanctioning bodies began to accept sedans and coupes as race cars

which created the need for chopping tops when competing in dry lakes racing the tall birdcages of cars that had not been chopped created an excessive amount of aerodynamic drag chopping the top increased the aerodynamic efficiency to the point that the coupes were competitive with the roadsters tops aren't often chopped for those reasons today however when viewing the works of art that have been created by the best chopping masters it's clear that enhanced aesthetics is the only reason that is needed chopping a top may seem simple at first especially if you think that old tops are mostly square but it is not the process of chopping a top severely alters the angles of the a pillars the intersections where metal meets at the c pillars and the rake and fitment of the glass in how to chop tops hot rod expert and historian tony thacker takes you through the process of chopping a top individual chapters feature a variety of chops that have been performed by the industry's most talented fabricators the most popular candidates for this modification are covered including ford model as model ts 1932 3 window and 5 window coupes 1933s 1934s and shoeboxes featured industry experts include rick lefever evin and justin veazie the kennedy brothers bobby walden troy ladd s hollywood hot rods rolling bones roy brizio cornfield customs max grundy and more whether you want to give chopping a try or you just want to see how it's done before hiring a professional this book is a valuable addition to your library
