this is an introductory guide to contemporary portraiture through the prism of the national portrait gallery london the gallery s director and contemporary curator discuss key works from the collection and invite readers to consider recent developments in portraiture

as medicine becomes more specialized doctors working in general medicine and general practice can quickly lose touch with advances occurring in other fields never having heard of an investigation or carrying dated misconceptions as to a prognosis can be frustrating at best and dangerous at worst the aim of this book is to strike a balance between refreshing old knowledge and updating the reader on significant advances that have occurred in a particular specialty with this in mind each chapter is written by a trainee and a specialist in the relevant area the content will be of interest to consultants and trainees in the medical specialties general practitioners and medical students at times entertaining irreverant and controversial this is not a book to be left nestling in the pocket of a white coat or gathering dust on a shelf

includes part 1 number 1 books and pamphlets including serials and contributions to periodicals january june
