be equipped to prepare and deliver engaging biblical and effective topical sermons sooner or later every preacher will come upon a situation where they need to preach a topical sermon yet few are taught to preach topically even preachers who are gifted in expositing the scriptures may struggle to deliver a topical sermon that is engaging culturally relevant and true to the biblical text worse many pastors worry these messages undermine confidence in the bible or its authority leading to a human centered rather than a god focused sermon but that doesn t have to be the case in topical preaching in a complex world sam chan and malcolm gill answer these objections and chart a path for how preachers can deliver faithful and effective topical messages first they address the biblical theological and cultural reasons pastors should add topical sermons to their preaching repertoire then they introduce a straightforward four fold approach for preaching a topical message and answer important questions like these how do you approach a topic with the proper interpretative lens how can you speak to two or more audiences with the same sermon what should you consider theologically culturally and pastorally in your preparation how do you trace the topic back to christ how can you better connect with your audience best of all they help readers craft a message that says something people truly need and want to hear filled with wit humor and wisdom from decades of preaching this book will equip preachers pastors ministry leaders and students to preach relevant biblical and engaging topical sermons author sam chan says just over a decade ago i was asked by an organization to speak at their end of year dinner

they wanted me to address the topic of being a christian single but i had no idea how to prepare and deliver a topical talk when the night arrived i preached an old three point expository sermon and merely changed the ending to include some application on singleness at best i got some polite comments afterwards at worst people s looks indicated that my biblical talk had little relevance for them they could not have been less fooled by my disingenuous workaround i went home vowing never to repeat that poor performance i felt like the unfaithful servant who had not adequately used what talents had been given to him as a result i have dedicated the last decade of my preaching ministry to overcoming and mastering the art of topical preaching this book is a product of that journey

a challenge to preachers to proclaim the scriptures with authority and power in a post christian world

the old testament prophets are a neglected treasury of biblical examples for pastoral preaching too often the prophets are misunderstood as focusing on future or social justice issues this book shows that the prophets are essentially preachers very good ones whom we must learn from by comparing recent rhetorical analysis of the prophets to some of the best of current preaching literature this book shows that the prophets preached the way that we ought to preach it will help you to hear the prophets the same way that a pastor benefits from listening to a seasoned and exceptionally gifted preacher we can benefit not only from what the prophets say but how they say it by seeing how the prophets grab and keep their listeners how they enhance clarity and relevancy how they make truth come alive and how they persevere in their ministry you too can learn to preach like the prophets

written in a conversational style with profuse examples to illustrate all concepts invitation to biblical preaching takes the reader step by step through the entire process of preparing a biblical message from studying a passage with skill and integrity to delivering a message with persuasion accuracy passion and relevance an experienced pastor and homiletics professor donald sunukjian provides budding pastors with wise counsel that is sure to stay with them throughout their ministries

finally a tool to help pastors shape applications that so many congregations have long desired even the most seasoned homileticians balk at sermon application why because application requires preachers to toss a grenade like thus saith the lord into people s lives and to do so repeatedly from the introduction despite the concern many pastors feel when it comes to sermon application most homiletics texts devote little more than a chapter if that to this vital topic daniel overdorf has filled this glaring gap with applying the sermon this book equips preachers to develop sermon application that grows from the biblical text and addresses the needs of contemporary congregations each chapter includes snippets of interviews with five of today s most respected homileticians haddon robinson will willimon tom long vic pentz and bob russell a great addition to any pastoral library and a valuable resource for bible college and seminary courses overdorf s applying the sermon also includes an extensive bibliography and a sermon application worksheet to give pastors a chance to acquire hands on experience with these techniques

extremely rare is the preacher whose preaching could not be improved substantially by readdressing his sermon conclusions moreover a sermon conclusion marks the typical preacher s greatest need for improvement in his preaching this most significant element of a sermon has been championed for its importance in a sermon and yet the conclusion is trivialized in if not omitted from the preaching of sermons whether textual topical or expository in preaching methodology the typical preacher has a greater understanding and better implementation of everything else related to preaching in contrast to what is understood and done in concluding sermons much is not done and much more is not understood to conclude sermons with clarity strength and persuasiveness how effective sermons end provides a comprehensive approach and thorough examination of the sorely needed and long overlooked instruction regarding that most vital of all elements of a sermon the sermon conclusion this book fills the existing void in homiletical pedagogy about concluding sermons a void that prevents preachers from reaching their full potential of effectiveness

in the ministry of preaching the word of god the pathway of better preaching is knowledge and skill to effectively conclude sermons and this book floods that pathway with light

this outstanding collection of sermons by one of the century s master preachers combines will ormond s distinctive style with commentary by noted scholar and former academy of homiletics president lucy rose it s a classic text for students of preaching

good preaching depends on being attentive to god to the bible to the congregation to the context to what influences and shapes the preacher this practical confidence building guide is for all who want to develop their preaching by homing in on that which points to god in the now encouraging preachers in the ways that will make authentic connections with others it demonstrates that preaching in today s culture requires preachers to show up and be present in person rather than speak in role or act as religious spokespersons who take no responsibility for their message based on the authors own training of ordinands it offers insights on how to develop the habit of noticing god in the world strategies for opening up and finding fresh meaning in familiar bible texts ways of understanding what influences your congregation and your own theology sample sermons that embody these principles
