based on interviews with wwf representatives and other experts this book explores wwf s approach to engagement in the circumpolar north it argues that the foundation of wwf s success in circumpolar engagement is based on four inter related pillars legacy networks scientific research and communication style the book argues that wwf has made remarkable strides to distinguish itself in arctic and northern engagement through its global arctic programme and national organisations and associated offices in the arctic states however wwf s work and successes are illustrative of the need for

environmental and animal rights organisations to adopt a long term strategy that show commitment to helping in the arctic and north which factor in the needs and desires of northerners if they want their work to resonate and be welcomed by key northern audiences

international workshop on gender and human resources for health capacity development through education and training held at dhaka on 13 14 oct 2004
