~~robert starratt a teacher of people in leadership positions presents the foundations~~ for the theory of leadership based on a framework divided into building blocks various concepts of leadership such as values change power and structure are explained and analyzed and ways of incorporating them into school management are addressed he presents a picture of leadership as a variety of disciplines history philosophy psychology politics sociology theology amongst others and with the idea that the student of leadership must be one of change this text is primarily intended for headmasters education managers and administrators students and lecturers in education and philosophers of education

in the drama of serial conversion in early modern england holly crawford pickett reconceptualizes early modern religious identity by exploring the astonishing stories of serial converts historical figures such as william alabaster kenelm digby william chillingworth and marc antonio de dominis along with fictional ones who changed their religious affiliations between catholicism and protestantism multiple times pickett argues that serial converts both reveal and helped revise early modern understandings of the self through investigation of the techniques that serial converts used to stage and justify their conversions pickett demonstrates the performative nature of the act of conversion itself offering a counternarrative to the paradigm of sincere private conversion that was on the rise in the tumultuous years following the reformation drawing from archival investigation into the lives and works of serial converts and performance studies theory this book shows how the genres and conventions associated with conversion shaped not only forms of communication but also the very experience of conversion by juxtaposing plays about serial conversion by thomas dekker and philip massinger thomas middleton elizabeth cary ben jonson and william shakespeare with spiritual autobiographies pickett highlights the shared task of convert and playwright performing conversion for an audience serial converts served as uncomfortable reminders to their contemporaries that religious identity is always unverifiable the first study to explore serial conversion as a discrete phenomenon in this era the drama of serial conversion in early modern england challenges confessional divisions within much early modern historiography by analyzing the surprising convergence of protestant and catholic in the figure of the serial convert it also reveals a neglected strain of religious discourse in early modern england that valued mutability and flexibility even in the midst of hardening and increasingly narrow understandings of conversion

the connection between renaissance ideas about the character of individual nations and the presentation of stage characters of various nationalities in the drama of shakespeare and his contemporaries is examined in this volume

what makes the trial so appealing as dramatic form why do we watch is it simply
the quest for truth and justice or is it much more than that from the time of
sophocles the court has fascinated audiences and dramatists alike kleist is no
exception as each of his dramas and many of his stories and anecdotes contain a
trial of some sort from its most primitive form of hand to hand combat in the duel
to more conventional legal proceedings in secular military and ecclesiastical courts at
trial we desire whether consciously or unconsciously to have our own system of
beliefs and behaviours affirmed rather than to attempt to achieve justice self interest
prevails at the expense of truth and equity the focus of this book is the tension
between the restoration of dike the balance of natural order and the pursuit of truth
and justice as impetus behind the trial with recourse to the concept of legal
instrumentalism which underscores this preference for order over justice in both the
law and literature the author examines kleist s dramas to determine the extent to
which those individuals in positions of power are able to manipulate the proceedings
seeking not justice and truth but rather the validation of their own particular version
of order the trial a tool generally thought to be designed to discover truth and to
mete out justice is used instead in the hands of the powerful as an instrument of
control and degradation

As recognized, adventure as competently
as experience virtually lesson,
amusement, as competently as union can
be gotten by just checking out a book
