a new edition of a successful book from one of the biggest names in the field of the sociology of religion the first edition is widely adopted and cited throughout the world and readers will be keen to see this revised and updated version

grace davie is one of the best analysts of religion in contemporary sociology this book caps a distinguished record of studies of religion first of britain then of europe then globally this is a

magisterial work which should be read by anyone interested in the place of religion in the modern world peter l berger boston university this book offers both an expert survey of contemporary sociology of religion and the personal reflections of one of the leading scholars in the field grace davie is a good model for students and their teachers she is clear engaging and fair minded but unafraid to express a point of view david voas university of manchester grace davie has written a book about what is currently happening in the sociology of religion which is clear accessible devoid of jargon and authoritative though addressed to the educated reader it also provides an ideal text for students if you want expert guidance about what is going on in the sociology of religion and to have useful indications about what is going on in religion on the global scene this book does the job extremely well theology why is religion still important can we be fully modern and fully religious the sociology of religion works at two levels first it sets out the agenda covering the key questions in the sociology of religion today at the same time it interrogates this agenda asking if the sociology of religion as we currently know it is fit for purpose if not what is to be done this book describes the origins of the sociology of religion demystifies secularization as a process and a theory relates religion to modern social theory unpacks the meaning of religion in relation to modernity and globalization grasps the methodological challenges in the field provides a comparative perspective for religions in the west introduces questions of minorities and margins sets out a critical agenda for debate and research in a single volume grace davie captures the nature and forms of modern religion the current debates in the field and the prospects for future development

the sociological enterprise general comments sociology s practioners specific criticisms working papers and empirical studies

this handbook articulates how sociology can re engage its roots as the scientific study of human moral systems actions and interpretation this second volume builds on the successful original volume published in 2010 which contributed to the initiation of a new section of the american sociological association asa thus growing the field this volume takes sociology back to its roots over a century ago when morality was a central topic of work and governance it engages scholars from across subfields in sociology representing each section of the asa who each contribute a chapter on how their subfield connects to research on morality this reference work appeals to broader readership than was envisaged for the first volume as the relationship between sociology as a discipline and its origins in questions of morality is further renewed the volume editors focus on three areas the current state of the sociology of morality across a

range of sociological subfields taking a new look at some of the issues discussed in the first handbook which are now relevant in sometimes completely new contexts and reflecting on where the sociology of morality should go next this is a must read reference for students and scholars interested in topics of morality ethics altruism religion and spirituality from across the social science

never before has there been so extensive a collection of what has been thought said and written about the sociology of the military this accessible handbook is the first of its kind to delve into the sociological approach to the study of the military this book is compiled of documents coming from various researchers at universities around the world as well as military officers devoted to the sector of study covered in this volume is a historical excursus of studies prior to contemporary research interpretive models and theoretical approaches developed specifically for this topic civic military relations including issues surrounding democratic control of the armed forces military culture professional training conditions and problems of minorities in the armed forces an examination of the structural change within the military over the years including new duties and functions following the cold war this book is ideal for scholars of the subject as well as those coming to the sociology of the military for the first time

pitirim sorokin 1889 1968 rose from a peasant childhood in russia to become one of the most insightful figures in the history of sociology at the harvard research center for creative altruism he developed a blueprint for social reconstruction this collection includes essays that range from his early russian years to his final works in the 60s

this concise text covers both classical and contemporary social thought it traces the major schools of thought over the past 150 years as they appear and reappear in different chapters and looks at important new voices in social theory the treatment of individual theories and theorists is balanced with the development of key themes and ideas about social life

written and compiled by friends and former students the idea of social structure honors robert k merton considered one of the premier sociologists of the twentieth century along with talcott parsons and marion j levy merton was emphatic in his use of the term social structure however different they were in defining and refining the term the chapters in this volume address many of merton s diverse sociological theories and in turn his theories impact upon a very large sociological territory the volume includes major statements on the context of working with merton by lewis a coser paul f lazarsfeld robert a nisbet and seymour martin lipset as well as

memorable statements covering merton s interests in the sociology of knowledge and science planning communities medical education relative deprivation everyday life political roles and communication media this is a powerful sourcebook for understanding the work of merton and of his intellectual successors nisbet called the decade of the 1930s among the most vital and creative periods in american history it was certainly a period of intense struggle political military and ideological but the formation of modern sociology was without question one of the crowning achievements in the scientific evolution of the century the volume is sharply focused on merton s work and deeply appreciative of the nature of his contribution it is a landmark effort in the study of sociology as history provided by publisher

the sociological study of organizations encompasses both planned and formal organizations as well as spontaneous and informal ones sociologists examine organizations with attention to structure and objectives interactions among members and among organizations the relationship between the organization and its environment and the social significance or social meaning of the organization the ways of defining and examining organizations vary depending on the theoretical emphasis this book focuses on three things providing a wide and historically accurate portrait of the diversity of sociological theories and their application to organizational studies updating selections that reflect a variety of ways that new technology affects methods of organizing and types of organizations including readings that examine a range of both formal and informal structures and both deliberate and impromptu interactions lively and provocative this textbook is theoretically rigorous disciplinarily informed and representative of heterogeneity within organizational studies

the sage encyclopedia of the sociology of religion takes a look at the role of religion in society unpacking and evaluating the significance of religion in and on human history and tracing and outlining the social forces and influences that shape religion

an examination of the major classical sociological theories relevant to education and of the rise and decline of the new sociology of education author also discusses the vexed questions of equality of opportunity the relationship between school and society the growth of educational bureaucracies and the roles of state church and family in education in australia since 1949 includes endnotes tables and index

at a time when a pile of bricks is displayed in a museum when music is composed for performance underwater and the boundaries between popular and fine art are fluid

conventional understandings of art are strained in describing what art is what it includes or excludes whether and how it should be evaluated and what importance should be assigned the arts in society in this book vera zolberg examines diverse theoretical approaches to the study of the arts ranging over humanistic and social scientific views representing a variety of scholarly traditions american and european she then develops a sociological approach that evaluates the institutional economic and political influences on the creation of art while also affirming the importance of the question of artistic quality the author examines the arts in the social contexts in which they are created and appreciated focusing on the ways in which people become artists the institutions in which their careers develop the supports and pressures they face the publics they need to please and the political forces with which they must contend particular subjects covered include the process by which works are created and re created at different times with changed meanings and for new social uses the role of the audience in the realization of artistic experiences the social consequences of taste preferences the reasons for change in artistic styles and for the coexistence of many art forms and styles

sociology of families second edition begins at the level of the individual by examining familiar contemporary issues^{3/4} topics students are likely to feel strongly about david newman and liz grauerholz next show students the deeper and more detailed sociological underpinnings of the issues at hand using the theories and data of social sciences to understand the meaning and broader relevance of these controversies and experiences

a study of the link between theology and culture from a sociological perspective this book addresses the issue of the pursuit of enchantment in the context of postmodernity sociology is applied to sociology itself to discern its own domestic response to theological readings of culture a reading of simmel bourdieu and weber in relation to the swiss catholic theologian hans urs von balthasar produces a controversial critique of assumptions regarding religious belief in the context of debates on secularisation and postmodernity

the oxford handbook of the sociology of body and embodiment introduces the sociological research methods and subjects that are key to the growing field of body and embodiment studies with an emphasis on empirical evidence and diverse lived experiences this handbook demonstrates how studying the bodily offers unique insights into a range of social norms institutions and practices

this major new contribution to the study of consumption examines how dominant groups

express and display their sense of superiority through material and aesthetic attributes demonstrating that differences from one society to another and across historical periods challenge current understandings of elite distinction
